

SAME DAY DISCOUNT

5% OFF

Our company has resolved that homeowners who know what they want, and decide to move forward the day a proposal is presented to them, are deemed preferred customers — and as such, will be eligible for a 5% discount.

The Same Day Discount is not available at any other time and cannot be combined with any other offer.

PRICE ASSURANCE GUARANTEE

We guarantee that our price is the lowest available for the work specified in your project. If you find a lower price for the same work, before or after our installation, we will match the price – even if it means we have to write you a refund check. We stand by every aspect of our work, including the price!

Terms & Conditions:

Our Price Match Guarantee applies only if the competing company provides proof of both workers' compensation and liability insurance.
